

Hearing God's Voice

Embark on a transformative journey over nine weeks as you learn to open your spiritual ears and deepen your connection with God. The tuition for this class is \$600. We believe that God speaks constantly, and as a prophet or prophetess, it's crucial to discern His voice, understand the various methods of Holy Spirit communication, and interpret His messages. This course equips you with these essential skills, empowering you to deliver His messages with clarity and confidence.

Lessons include:

- Twenty-seven of the most used languages by the Holy Spirit. (These twenty-one methods of communication do not by any means exhaust all methods used by the Holy Spirit.);
- We include lessons on how the Holy Spirit uses our five senses to communicate;
- We explain haptic, olfactory, and auditory hearing. This will change your understanding of Holy Spirit communication;
- Learn the importance of using your five spiritual senses;
- Unveil the mysteries of the Urim and Thummin, a method of communication used in the Old and New Testament and still relevant today. This is just one of the many fascinating topics we cover in this course;
- Journaling and hearing God through His Word, prayer, and meditation provides you with a comprehensive understanding of these essential spiritual practices;
- How to differentiate God's, your inner voice, or that of satan; and
- We discuss why spiritual deafness occurs and how to address it.

As Romans 8:16 states, "Our spirit bears witness with the Holy Spirit" when we align with God's Spirit. This course will guide you in recognizing when the Holy Spirit aligns with your spirit and indicating signs of spiritual alignment. We will provide you with techniques to sharpen your spiritual eyes, ears, and discernment, thereby enhancing your prophetic gift. Moreover, this course offers live Q and A sessions, ensuring that you are not just a passive learner, but an active participant with the opportunity to ask questions and share your insights.
